To Whom It May Concern:

This is in regard to CC Docket No. 02-6. I am writing to request a waiver of the FCC Form 471 filing window deadline for a 471 form that was submitted 5/24/2017. The 471 application number was 171049091. This 471 form is for the second year of a multi-year contract for fiber installation. The vendor allows us to make payments over four years.

Please accept my apology for it being late. I have been dealing with some personal issues since my husband's diagnosis of terminal cancer. I have only been able to work part-time, and honestly, I have not been at my best. I filed a 470 and three 471's within the window. However, it was after I was able to be back at work on a more regular basis that I realized I may have needed to file a fourth 471. I was confused on how a multi-year contract works and which forms were needed after the first year. I was thinking since the 470 and 471 forms were approved for the 2016-17 school year that I did not need to file a 471 each year. I thought I just needed to file a 486 form each year. After thinking about it, I called the help desk and they told me that I did not need to file a 470 form for subsequent years, but I should have filed a 471 form. Unfortunately, it was after the deadline. I called the help desk twice to get confirmation on what to do (case # 180156 and case #180374). I was advised to file a 471 and then file a waiver with the FCC.

Our billed entity number is 136776 and this is for Patoka Community Unit School District. Please accept this as my application for waiver. Thank you in advance of your consideration of this request.

Sincerely,

Carla Jourdan-Heern
